

2009 brings hot news for Honda fans

With 55 models in all categories of motorcycles, ATVs and PWCs, it's impossible to show them all off in our limited space here. So we've picked a few highlights with special appeal to our customers.

Workhorse - Rancher AT

The all-new Rancher AT with independent rear suspension, all-new twin-clutch, 5-speed automatic transmission, and available Electric Power Steering. Speaking of EPS, it's now on more ATV models than ever, to give you the best choices of any ATV line. Electric Power Steering reduces steering effort and damps out the majority of bump-induced jarring a rider feels in rough terrain, which can dramatically reduce rider fatigue. There is simply less for the rider to deal with, especially in rocky, rutted terrain.

Pocket Rocket - the CRF230M

The all-new M-model is street ready for hours of urban and back road adventure, with sporty 17-inch wheels and low-profile tires, plus a torquey, electric-start engine that boasts exceptional fuel economy. This light and agile street specialist features a dependable 223cc single-cylinder air-cooled four-stroke engine that pumps out plenty of user-friendly power.

Dirt Demon - CRF-450R

A brand-new fuel-injected engine developed concurrently with an entirely new rolling chassis work together to deliver 450-class-leading power along with 250-style handling. It's an unprecedented blend of power, suspension and handling.

Private Jet - Goldwing

The 2009 Gold Wing 1800 features two welcome additions: a Tire Pressure Monitoring System and XM radio. An indicator flashes when tire pressure is 10 percent low and it stays on when pressure is 20 percent low. XM radio is now available on all models that include a GPS navigation system. This XM radio system also carries the ability to provide real-time traffic and weather info. ■

2009 CRF230M

ASK ME ABOUT YOUR WARRANTY

WARRANTY AWARENESS MONTH

November is Warranty Awareness Month here at Family PowerSports. We pride ourselves on being the customers' advocate with all warranty issues, so please, ask us about your warranty and how we can help! We are always on our customers' side and do everything in our power to challenge the manufacturer's judgment and satisfy our customers. Family PowerSports decided we needed to heighten awareness and inform our customers that we have always taken this position and we'll continue to do so in the future! With that said, next time you are in the dealership please ask us about any concerns you might have and if they can be covered under warranty... "We'll go to bat for you!"

ON ALL 2009 & PRIOR FOURSTROKE RANCHER® MODELS
